the device.**

Sawyer's Hatch ▾

Hi there, Sawyer just turned 4 months old 🎉
Here are some things that are common at this age...

Why is Sawyer suddenly waking every 2 hours?

How can I help her connect sleep cycles?

Help me adjust tonight's bedtime routine

Sleep might look different now - what questions do you have?

Reply to Luna

What can I help with?

Ask Luna

Play bedtime stories
about space

My baby only sleeps
when I hold them

Change bedtime to
7:30 tonight

Favorites

Brown Noise

Goodnight Starlight

White Noise

Brown Noise & Red
My Hatch Baby

Ask Luna for nap schedule advice

Explored what it would look like to treat chat as the primary interface rather than a supporting layer.

**Can chat become
the primary UI?**

Built in Figma Make and Claude

From IA to UI: does it land?

For a new hardware launch, I designed end-to-end, from information architecture through app UI. Used prototyping to quickly test comprehension: were people understanding the structure (UX) and the interface (UI) as intended?
