HOWEVER, WE ARE

**Parents trusted the brand
completely — but only for
the device.**

**Video storytelling to
test new hardware
concepts**

Building Google Flow

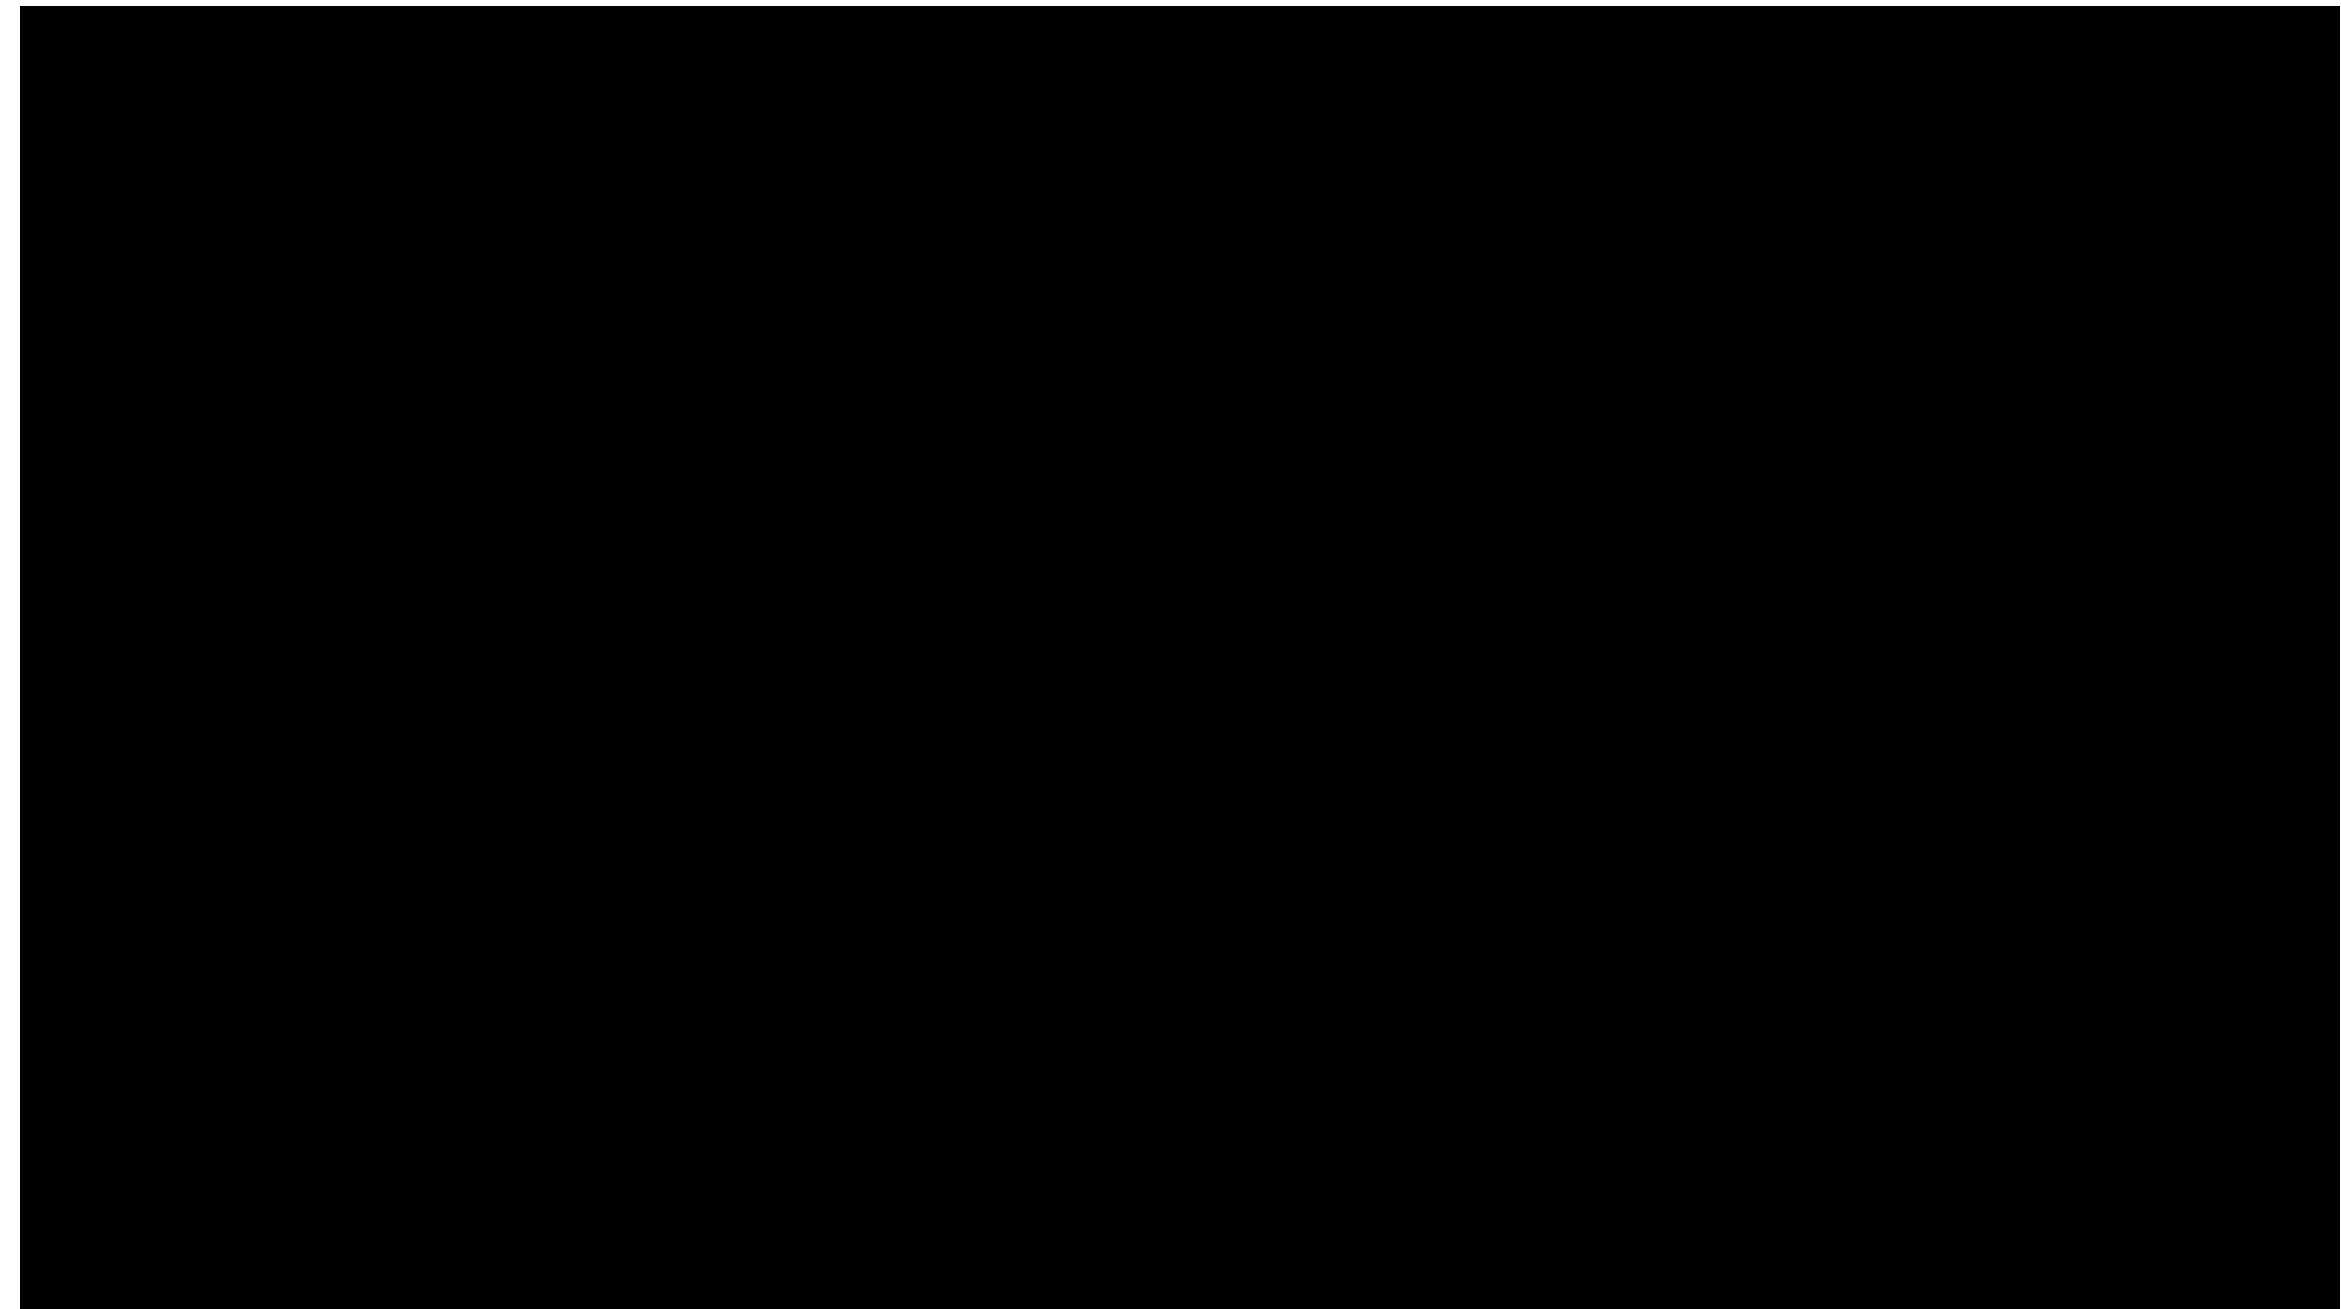

How I use AI

Rapid prototyping

Video storytelling to test new hardware concepts

Built using Google Flow

Dynamic Type playground

A live sandbox for deciding how our latest app handles Dynamic Type. Set how each piece of text behaves as it scales, caps, truncates, or shrinks to fit, and see instantly how each screen holds up, from default to the largest accessibility size.
