

Why this project

- 01 At the intersection of physical & digital
- 02 Defining new guidelines and paradigms
- 03 Prototyping driven

Role

Co-founder and Designer

Responsibilities

USER RESEARCH

CO-CREATION

AR COMPETITIVE LANDSCAPE

IDEATION & CONCEPTING

BRANDING

WEBSITE DESIGN

EXPERIENCE MAPPING

PHYSICAL + DIGITAL UX

RAPID PROTOYPING

STORYBOARDING

SYNTHESIS & INSIGHTS

EXPERIENCE STRATEGY

PATENT DRAFTING

AND A LITTLE BIT OF EVERYTHING

The itch

A self-initiated project by four designers who saw a gap in the emerging AR space.

We connect with each other through storytelling, but the stories being told with AR tools were:

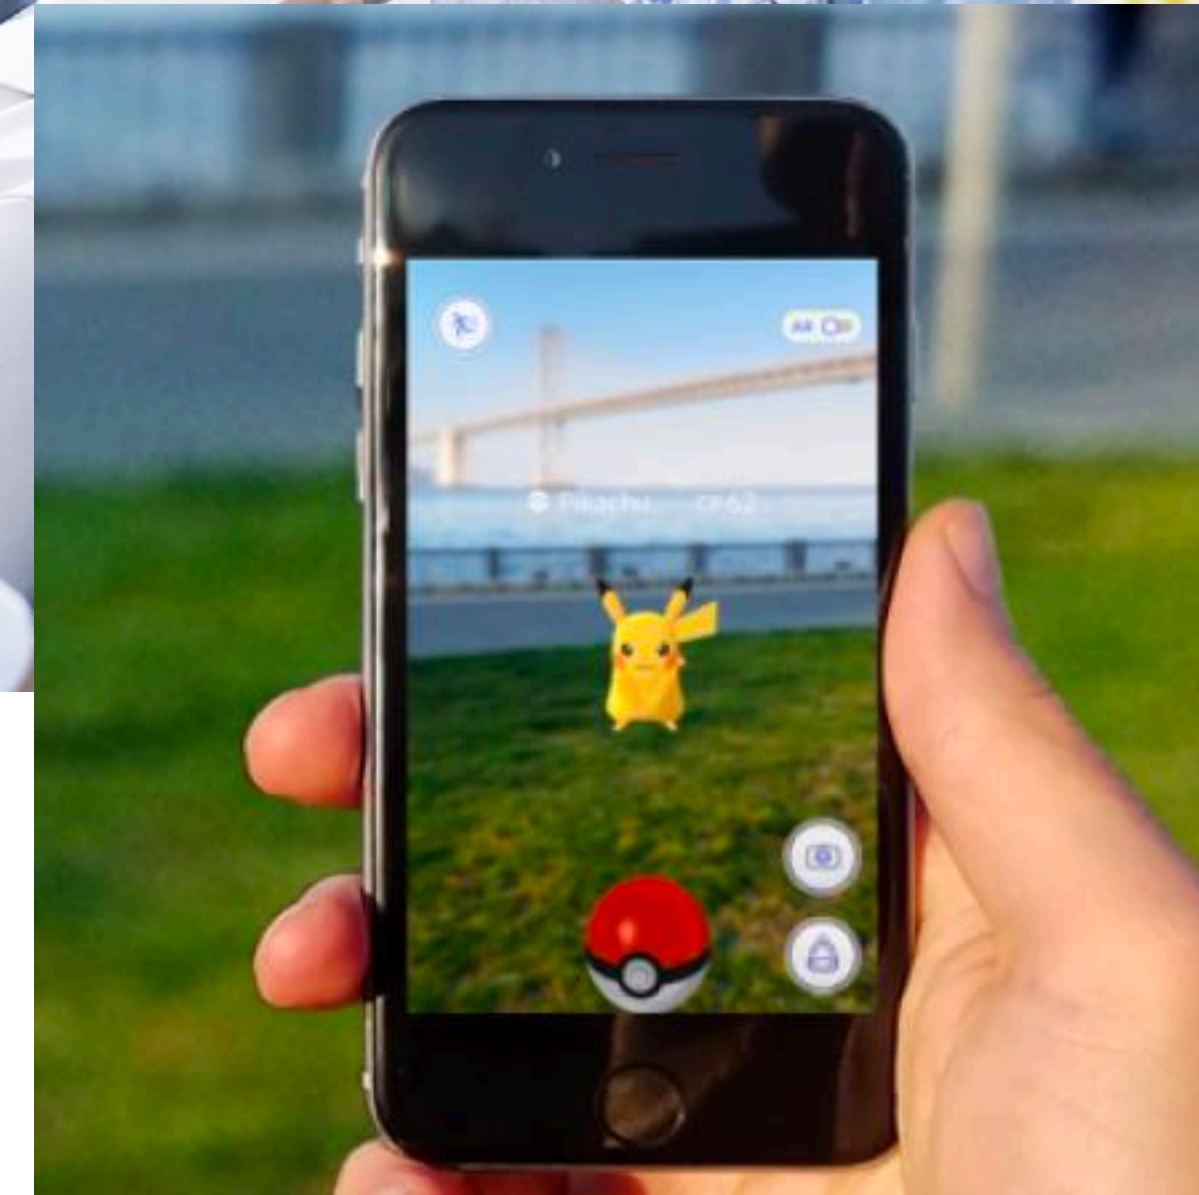

Solitary experiences

Separated from the physical world

Experiences were hard to craft

Traditional VR headsets

AR app (Pokemon Go)
