

Experience Principles

With the CX team as the drumbeat, we aligned on three experience principles to bring everyone on the same page on the ambition of the project

01

Catering to hunting and browsing mindsets

02

A store that’s just for you

03

Thinking beyond the “store” to the whole experience

Grocery Shopping Journey

A detailed customer journey to identify key moments when shopping online. It also highlights features to build and frustrations to avoid
