HOWEVER, WE ARE

**Parents trusted the brand
completely — but only for
the device.**

My Hatch Baby ▾

What's your current sleep challenge?

My 4 month old wakes up every hour at night

My baby only sleeps when I hold them

Change tonight's schedule to start at 7:30pm

Ask Luna your sleep questions

Hatch AI Agent

Hi! I'm Hatch AI, your sleep companion. I'm here to help with sleep questions and bedtime routines. If you need expert guidance, you can request to speak with a Hatch Sleep Consultant anytime through the menu or ask in chat.

AI can make mistakes - verify important information

Ask when to transition to one nap

My Hatch Baby

Can you escalate to a human?

 Luna

I'd be happy to connect you with a human sleep consultant for more personalized support.

You're all set! A sleep consultant will be with you shortly to help with your family's sleep challenges. Thanks for reaching out to Hatch.

Connecting you with a human specialist

Thanks so much.

 Luna

You're welcome! A consultant will be with you soon. Take care.

I'm waiting

 Luna

A sleep consultant should be connecting with you shortly. Thanks for your patience—they'll be able to give you the personalized support you need for your family's sleep situation.

Ask Luna your sleep questions

After the prototypes, each one getting us closer to the final UX

Built in Figma Make and Claude

Prototyped several directions and ran studies to learn what AI support tired parents actually need. Landed on the desired UX, then shipped to 100% of users within 5 months.

**Can AI be helpful
for tired parents?**

Rapid prototyping

Can AI be helpful for tired parents?

Prototyped several directions and ran studies to learn what AI support tired parents actually need. Landed on the desired UX, then shipped to 100% of users within 5 months.

Built in Figma Make and Claude Code

A few of the prototypes, each one getting us closer to the final UX

Rapid prototyping

Can chat become the primary UI?

Explored what it would look like to treat chat as the primary interface rather than a supporting layer.
