

How we got here

Learn

Proof of concept

A GPT trained on Hatch’s sleep knowledge base, paired with human consultants.

26 parents
100% satisfaction with AI + consultants
86% impressed with AI

Build

Iterated with real conversations

Ran a 2 month closed beta on a third party platform to iterate and fine-tune the LLM and the UX.

100% satisfaction with AI + consultants
22/28 more confident helping their child sleep

Ship

Live to every Hatch family

Rolled out to 100% of users on November 20, 2025

85% deflection rate against a target of 60%
16% retention across ages

PHASE 01: PROOF OF CONCEPT

Hatchie — GPT-4-turbo

Used Hatch’s sleep science library as the foundation to train GPT-4-turbo. Defined a basic personality — non-judgmental, grounded in expertise.
